December 2016

Dear Colleagues and Friends,

We cordially invite you to attend the Annual Scientific Meeting of the Southern California Chapter of the American College of Surgeons at the Four Seasons Resort The Biltmore Santa Barbara in Santa Barbara, California, January 20-22, 2017. Located on the coast south of downtown Santa Barbara, the Four Seasons Resort is rated as one of the top resorts in North America. We are looking forward to our return to this outstanding facility.

An outstanding program has been organized with an impressive selection of presentations. Registered participants will be able to attend any of the sessions that are of interest. There are 41 paper presentations and 20 posters in the general sessions focusing on topics that will be of interest to most surgeons. There are an additional 61 papers presented in Specialty Section meetings. We have worked together to offer a Metabolic & Bariatric Surgery specialty section meeting prior to the ASMBS Chapter meeting on Saturday. We are continuing to offer the popular Trauma specialty session and a Breast Surgery specialty section, as well. The General Surgery section meeting will focus on Minimally Invasive Surgery. There also are five other specialty section meetings which will have a combination of papers and presentations on focused topics in each surgical specialty.

A number of special events will highlight this year’s meeting. The “What’s New in Surgery” sessions, always a popular aspect of this meeting, will again be held on Friday afternoon — a change that proved popular last year. The popular Welcome Cocktail Reception, will be held Friday evening — with our own special brand of homegrown entertainment! We will offer a Wine and Cheese Reception on Saturday evening. All poster sessions will be oral, rapid fire presentations. Continental breakfast is offered each morning before sessions begin. There is a lunch with exhibitors on Friday along with additional oral poster presentations and again on Saturday to offer a more informal atmosphere.

A breakfast with the faculty designed for Young Surgeons (under age 45) will be held on Saturday morning to discuss issues concerning the future practice of surgery. The Young Surgeons Committee will be putting on the annual JEOPARDY Resident Competition on Saturday afternoon — come to root for your institution. A special lunch session for Women in Surgery will be held Saturday, as well. The Commission on Cancer Hospital Representatives will hold a breakfast meeting on Sunday morning. The Committee on Trauma will also meet.

The reasonably priced registration fees (Early Bird rates expire December 15, 2016,) and the below market room prices to stay at the resort should further encourage you to attend and participate in this outstanding meeting with your family and colleagues. For your convenience, we also have an on-line registration option at www.socalsurgeons.org.

We look forward to seeing you in beautiful Santa Barbara.

Sincerely yours,

Christian de Virgilio, MD, FACS
